February 25, 2021

Dear friends and families,

Progress! We are very encouraged by the continued drop in our county COVID-19 positivity rates and look forward to when we can reopen and invite you back into our facility to visit your loved one very soon. You will be contacted when this becomes available.

We are following guidance provided by the Centers for Disease Control (CDC), Department of Health (DOH) and Centers for Medicare & Medicaid Services (CMS) in this matter.

We encourage vaccination against COVID-19 for residents, staff and the community in general in completing a drive for immunity. Thank you in advance. The DOH explains family member eligibility, locations and scheduling:

<https://www.health.pa.gov/topics/disease/coronavirus/Vaccine/Pages/Vaccine.aspx>

Learn more about the vaccine on our website's COVID-19 page as well as updates, videos, links and frequently asked questions.

Even after vaccination, please continue to maintain physical distancing, use caution when attending gatherings, wear a mask and practice hand hygiene. These are CDC principles of cleanliness.

Our Facility's Resident Impact (May 15, 2020 through February 25, 2021):

| Number of cases | |
|-----------------|--|
| 2 | ADMISSIONS: Residents admitted or readmitted who were previously hospitalized and treated for COVID-19 |
| 36 | CONFIRMED: Residents with new laboratory positive COVID-19 |
| 0 | SUSPECTED: Residents with new suspected COVID-19 |
| 1 | TOTAL DEATHS: Residents who died in the facility or another location this week |
| 0 | COVID-19 DEATHS: Residents with suspected or laboratory positive COVID-19 who died in the facility or another location this week |

There are no new positive cases to report this week.

Currently our tests are held up due to the winter storm in the Midwest and we are awaiting the delivery and results. We will update you with any positive results.

Family members and all others impacted by the virus will be contacted and provided with results/updates.

We appreciate all of our staff and their hard work in these unprecedented times as well as their commitment to defeating this pandemic. We are proud of the care we provide to our residents. Now, we need for this to become a community effort. Family members may send thank-you cards to the staff for doing their part by getting vaccinated. We thank you in advance for being vaccinated as well.

Thank you again for entrusting with the care of your loved ones. If you have any questions, we are always available for you. You can call 724-349-5300.

Sincerely,

Leah McAndrews, MSW/NHA
